#### Announcing Visual Conversation Builder!

Try the new drag-and-drop experience for building conversational flows.

[Learn More](#)

- Simplify your experience by dragging and dropping conversation blocks to design and edit your conversational flows in a visual workspace.
- Toggle between the menu-based editor and Visual Conversation Builder in the intents interface.
- Build conversation flows dynamically based on user input and conditional branching.
- Visual Conversation Builder is only available for existing bots created after August 17, 2022.
